

## WORKSHOP ON SUPPORT ACTIONS FOR EUROPEAN INDUSTRIAL TECHNOLOGIES (NMBP / RFCS)

THURSDAY, 4 APRIL 2019, 10.00-16.00

COVENT GARDEN BUILDING, 25/SDR1 AUDITORIUM NOWOTNY

PLACE ROGIER 16 (METRO ROGIER), BRUSSELS

### DRAFT AGENDA

The purpose of this workshop is to look at the output of these projects, in order to make the most of this valuable resource; identify lessons learned; and show the way forward with regard to big issues, future funding and future policies.

**10.00 Welcome and introduction** – by the Director

**10.45 Parallel Sessions** – each one with a Commission chair / rapporteur

- Cross-cutting aspects and Community building;
- Sustainability; and
- Standards, roadmaps etc..

**10.45 Parallel Sessions – Project Pitches**

*Six-minute pitch by each project. Each project is to prepare a short pitch on outcomes and recommendations, for the Commission as well as for other stakeholders. A template for the pitch is attached. Projects may optionally provide more extensive but easily digestible background information, for distribution to all participants. The information we expect to obtain is:*

- outcomes on the ground, e.g. networking, community building, standardisation, databases and platforms, new knowledge etc.;
- recommendations for policy makers and for stakeholders;
- any key issues related to the running of the projects, including validation of results; and
- things you would you have done differently with hindsight.

**12.15 Lunch**

**13.00 Parallel Sessions – Discussion / Harvesting**

*There are two key questions:*

- What has the impact been? – with respect to
  - o outcomes on the ground; and
  - o recommendations and their use.
- Which are the lessons learned with regard to future CSAs? / What is necessary for impact to be achieved?

**14.30 Coffee break**

**14.45 Plenary Session – Conclusions**

*The rapporteurs will present the conclusions of the three parallel sessions (10 minutes each); followed by a discussion and conclusions.*

**16.00 Close of workshop**
